## Dear Supporters,

*We are pleased to share with you the Quarterly Highlights of People for Animals Hyderabad, for July-September 2016. It has been an exciting quarter and we're thrilled to report our progress. We'd like to take this moment to really thank our donors for their benevolence on behalf of every animal under our care. We are also thankful to our volunteers who continue to support us through their gift of time, but most of all their compassion towards animals. We hope you will find this glimpse into the daily work of People for Animals interesting.*

## ANIMAL PROTECTION WORK

Animals, being the most vulnerable of our society, are regularly at the receiving end of endless cruelty and neglect in the hands of humans. It's a shame considering that they undergo this plight in spite of giving unconditional love and loyalty to us.

We receive cruelty complaints from both AP and Telangana. We identify, investigate, counsel and prosecute the offenders wherever necessary. Listed below are the highlights of some of the noteworthy cruelty prevention work by PFA Hyderabad this quarter:

### **Snake rescue on Naga Panchami**

**August 7, 2016:** Snakes are protected under the Wildlife Protection Act, 1972 and their capture, display and transport is illegal.

Telangana Forest Department in association with PFA Hyderabad and other NGOs, conducted mobile surveillance on August 7, across the city, to check the use of snakes for worship on the occasion of Naga Panchami festival.

Three snakes were rescued by PFA Hyderabad on the day of Nagpanchami.

# COMMUNITY ANIMAL PROTECTOR (CAP) Identity Cards

PFA issues COMMUNITY ANIMAL PROTECTORS (CAP) Identity Cards to Street Dog Feeders/Colony Care Takers of Animals who take care of animals in their locality. We're working on a mission to build Hyderabad's animal welfare activist base by facilitating the formation of CAPs across the twin cities.

CAPs would be the army of animal protectors who can take part in activities including but not limited to Animal Birth Control, rescues, cruelty prevention, adoption assistance and campaigns. Individual CAPs would also work to include more volunteers in the network.

## Assistance in dealing with stray dog feeding issues:

The ID cards are expected to help the volunteers with harassment faced by many such persons from the general public, when they try to feed canines on the road. This applies to anyone who voluntarily cares for strays - dog feeders and CAPs who tend to animals in their locality. The card would have the person's name and an attestation that he/she is doing a right and lawful deed and the Animal Welfare Organization PFA Hyderabad supports it. This lends credibility to the person. The goal of the card, which does not provide any exclusive rights, is solely the welfare of animals and caretakers.

## PROCEDURE:

Please send the duly filled form for obtaining a PFA COMMUNITY ANIMAL PROTECTOR (CAP) ID Card along with the following:

- Two passport size photographs
- Self -attested true copy of the Ration Card/ Voter ID/ Driving License/ Passport/ PANCard
- Rs. 150/-

Please address the documents to:

People for Animals,  
5-4-72, Win Win Distribution Company,  
Opposite Sundaram Motors,  
Mahatma Gandhi Rd,  
Rani Gunj, Secunderabad,  
Telangana 500003

If you are an animal lover who also takes care of stray animals in your locality or you know someone who does, apply for a PFA COMMUNITY ANIMAL PROTECTORS (CAP) ID Card. Please contact 7337450641 for more details!

## NIGHT RESCUES: NOTEWORTHY WORK

### Lucy's Story

*Lucy, before and after her rescue*

It pains us to see cases of extreme pet neglect, especially with senior dogs. Lucy, an 8 year old GSD has faced severe neglect for the last three years. Never dewormed or vaccinated. No baths or walks whatsoever, tick infestation beyond a shelter volunteer's worst nightmare.

Lucy's owner abandoned her when she developed paralysis of hind legs due to tick fever, and we brought her over to PFA rescue home. She was extremely depressed, and used to cry all day waiting for her owner to return.

Her x-ray shows that she has spondylitis on every vertebra of her spinal column, but the silver lining is that she would be able to walk on her own in around 2 months if she receives good nutrition and regular physiotherapy.

Lucy has a fighting spirit, and she has been trying to walk on her two legs, sit up and explore her surroundings. We're very moved and are trying to get a wheel cart fabricated for her. We have in mind a wheel cart made of PVC pipes. We're looking for foster carers who can take her in, motivate her, help her walk around in her cart, and carry out regular easy physiotherapy sessions that would surely lead to faster recovery.

Please help us raise funds for her food, medication and supplements.

## UPDATES FROM THE RESCUE HOME

### Special thanks to our caretakers!

We would like to take a moment to thank our caretakers, who show tremendous dedication, time and efforts towards the sick and injured animals at our rescue home. It is not an easy job, as they have to witness gory and gruesome cases everyday and are required to work beyond conventional timings many a time. We thank them on behalf of every animal under their care, every animal that they helped recover, and also the animals that have crossed the rainbow bridge in spite of their efforts. We are proud of them, and would like them to know that we appreciate their hard work!

## MAKE A DONATION

People for Animals as an organization is mainly into implementing the animal protection laws of India. India is one of the countries in the world where animal right laws are among the strongest. In spite of that, due to huge human population, conflict between human and animal is very high and poses a great challenge to the working of PFA. The costs to sustain and maintain the rescue home, as well as to fight for animal rights, are high and we depend entirely on donations to rescue, feed and provide necessary veterinary care for the animals. Any donation, big or small is welcome and we really appreciate your help.

### PFA Wishlist on Amazon!

We have created a wish list for PFA on Amazon, listing all the items that we require at our emergency rescue home. You can contribute towards any product that you'd like to order for us, and the order would directly be delivered to our rescue home at Afzalgunj.

### Material Donations

We request everyone to donate unused bedding, towels, clothes, which make the animals' stay a little easier. Pet supplies such as treats, toys, and comforts also assist the staff in interacting with the animals which facilitates bonding with people and prepares the animals for successful adoption.

Kindly contribute so that our geriatric animals do not have to lie on cold tiles, our puppies and kittens have blankets and bedding to snuggle and lay in and our sick and injured animals have soft, comfortable blankets and towels to help soothe them to speedy recovery.
